

WATER OPCERT SCHOOL

www.opcertschool.com

Water System Operator

All Grades

Address: City of Lompoc, Water Division, 601 E. North Ave. Lompoc, CA. 93436

Dates: April 11-12, 2011

Contact Hours: 7 per day

Time: 8:00 AM – 4:00 PM

Cost: Total \$100 per operator per day

Purpose:

Both classes may be taken for contact hours to fulfill license renewal requirements, or to help operators pass the State Exam.

April 11 ~ Principles of Water Treatment Plant Operation

Upon completion of this class, attendees will demonstrate understanding of water treatment plant processes including pretreatment, coagulation, flocculation, sedimentation, filtration, post-treatment, iron/manganese removal, water softening, and corrosion control.

April 12 ~ Disinfection Practices

Upon completion of this class, attendees will demonstrate understanding of a history of disinfection practices, chlorine & water chemistry, advantages and disadvantages of free chlorine, disinfection by-product formation, breakpoint chlorination, the advantages and disadvantages of alternative disinfection processes (i.e. chloramines, ozone, UV, chlorine dioxide, etc.) and safety.
